

WE INVITE YOU TO GET INVOLVED IN SHAPING YOUR COMMUNITY

YOUR PLAN, YOUR SAY HAY RIVER COMMUNITY PLAN

MONDAY MARCH 8 12:00noon- 8:00pm
Don Stewart Recreation Centre

You are invited to a Community Engagement Session to help shape a vision for the future development of Hay River. This day of open discussion will provide Hay River residents an opportunity to take a look at what you have, and some ideas for future change. If you would like to help shape the future, we invite you to drop by between 12:00pm noon and 8:00pm.

What is the General Plan?

The General Plan is the main statutory document for the town and serves as the guiding document for all development within its boundaries. It is a strategic document that focuses on land use, but also impacts the physical social and economic development of the town: everything from housing choices and affordability, servicing and infrastructure planning including pipes and roads, municipal facilities, the manner in which development is considered, financing of municipal services, tourism potential, industrial growth and energy use.

WE WOULD LIKE YOUR INPUT ABOUT TOPICS SUCH AS:

COMMUNITY HOUSING CHOICES

LOCAL BUSINESS

PARKING

NATURAL FEATURES
